

### Jig Cart

New

Ergonomy

Precision

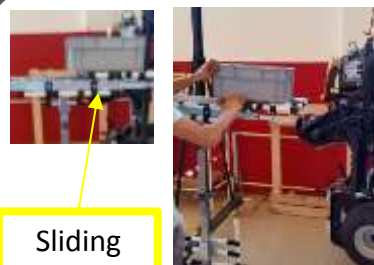

Telescopic

Pedal

Sliding

Heavy parts

Mobility

A flexible system to pre-assemble or assemble heavy parts.

### Sliding Boards

New

New visual management tool: in one structure is possible to have a number of sliding and independent boards. This solution is good for project management, KPI's management and multi-teams areas.

Each structure have a maximum capacity of ten boards and it can have feet or wheels.

### Pallet-truck train

New solution that allows you to tow a pallet truck with a logistic train. The solution is based upon the modification of the pallet truck by installing a part in which you can mount your arm.

### Training

In March we will organize the workstations design's training.

### Editorial

The year of 2015 has ended with our goals accomplished and with the launch of 4Lean Italy and 4Lean UK. 2016 has an strategic plan even more ambitious and in the first month we already launched 4Lean Germany. These three units will allow us to expand our market share and to be close to our customers.

As happened in 2015 we will stands in the following trade fairs:

- Logimat (Germany)
- MECSPE (Italy)
- BIEMH (Spain)
- EMAF (Portugal)

As usual, 2016 will be challenging and hard working. Happy 2016!

Claudia Marques

### Events

4Lean and the Lean Excellence Center presented the plan of events for the first semester:

		2016	
2016 - 1º trimestre	Desenvolvimento do Produto	<b>Janeiro</b>	
		-Visita ao LEC	20 Jan LEC
		<b>Fevereiro</b>	
	-Grupos Lean Serviços (Lisboa)	17 Fev Leanop	
	-Formação Desenvolvimento de produto	24 Fev Leanop	
	<b>Março</b>		
-4Lean School Workstation Design	02 Mar 4Lean		
-Visita ao LEC	11 Mai LEC		
-Grupos Lean (Porto)	16 Mar Leanop		
-Visita de Benchmarking	23 Mar Leanop		
-Train the Trainer(3 dias)	28,29;30 Mar Leanop		
2016 - 2º trimestre	TQM	<b>Abril</b>
